

AMENDMENTS TO THE SPECIFICATION

Please replace paragraph [62] of page 13 of the application with the following amended paragraph:

[62] The electrical receptacles 28 are in the form of simplex receptacles which are configured to snap into mounting apertures 308 formed in the top plate 302 of the power receptacle mounting brackets 300. For this purpose, the housing 305 of the power receptacle 28 includes a pair of opposing locking tabs 310 that extend outwardly from the housing 305. The mounting bracket top plate 302 is compressed between the locking tabs 310 and the top wall 312 of the receptacle 28 when the receptacle is inserted into the bracket 300. In use, the mounting brackets are not removable from the fitting once it is installed in the floor.
